RESTORED HOPE IN KENYA

Alice lost everything when she fled an al-Shabab attack in Kenya.

Having lost her home and source of income, she faced an uncertain future with little hope of providing for her family. International Christian Concern established a cereal shop for her, allowing her to rebuild her livelihood and regain her independence.

"After being displaced, starting life afresh was not easy. I arrived here with almost nothing since everything I owned was reduced to ashes in the attack. The cereal shop will help me earn a steady income and provide for my children. This support has restored my hope and given me a new beginning," Alice told ICC.

Pray for healing from the trauma of displacement, loss, and persecution, and that the families will remain steadfast in their faith. Pray for the children in these families, that they will continue with their education and grow in the knowledge of Christ.

Alice rejoices after receiving supplies to open a cereal store that will help her support her children after losing everything in an attack.

What is International Day of Prayer?

Each year, Christians around the world unite to pray for brothers and sisters who face persecution because of their faith in Jesus Christ. IDOP is an opportunity for the global church to remember those who suffer, hear their stories, and intentionally lift their needs before God.

What is Persecution?

Persecution can come from governments, extremist groups, communities, and even family members. In some countries, believers must gather secretly, while others risk imprisonment or violence simply for owning a Bible, sharing their faith, or converting to Christianity.
